

NATURAL MINERAL WATER

NATURAL SPRING FROM THE ALPS

Our amazing story starts many years ago when alpine snow and rain travelled through many layers of the earth's geological formations. The water is finally captured in an underground layer of glacier rocks, naturally filtered and preserved. It emerges light, pure and refreshing.

Product of Switzerland

Bottled at the Valais spring point of Termen for SwissMountain Beverages International LLC
Pfaarwater Mineralquellen
3912 Termen, Switzerland
www.SwissMountain.swiss
Info@SwissMountain.swiss

Production Date printed on bottle: DD/MM/YYYY
BEST BEFORE: DD/MM/YYYY

VIRTUALLY
